## ABOUT ME

Samuel Severns brings diverse experience in the design industry as he has held positions ranging from Creative Director at a fashion and lifestyle magazine; to CAD manager at a wine cellar company; to project manager at a medium sized architectural firm. His degree from the University of Colorado provides a more broad background including graphic design, web design, architectural design and industrial design. His architectural experience ranges from sub-500 sf residential additions through multi-million sf airports as lead BIM authority, production staff, and as project manager. His 9+ years of experience in corporate, aviation, religious, commercial, industrial, and residential architecture make him a versatile addition to any team.
